Fresh Produce supplier wanted to partner company in Sydney - Ref 34106

This business supplies restaurants, hotels, motels, takeaways, and pubs with fresh fruit and vegetables, pastas, frozen seafood, sauces, condiments, pickles, oils, cheeses, icecream, shell fish etc.

The owner has spoken with Travis at the New Zealand Trade Centre and he is keen to talk to a company who can supply him with fresh produce and vice versa as the seasons and prices change. His clients range from premium restaurants to pubs.

Scenario ONE OF THE MAIN needs for almost every business is business cards. With that in mind, we went to several printers with our specifications: Standard size of 90mm by 55mm, full colour printing and a base quality of 250 cards. We approach both digital and off-set printers and as such, the prices will reflect accordingly. For more information, contact the printers involved in this survey directly.
